DETAILED ACTION

Applicant's amendments filed 12/1/2006 are acknowledged.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

1. Claims 4-5 rejected under 35 U.S.C. 102(b) as being anticipated by Werth DE 3510336 (attached English Abstract).

Werth teaches a headliner air duct 1 (fig. 1), a pillar duct 4,5 integrally formed and in fluid communication with headliner duct 1 (English Abstract, ll. 4-5) with plurality of corrugation like flexible connection 6, 7, **defining a flexible and integral joint between said headliner air duct and said pillar duct (fig. 1)** for selectively positioning said headliner duct between compact state and an extended state (English Abstract ll. 5-6).

Response to Arguments

1. Applicant's arguments filed 12/1/2006 have been fully considered but they are not persuasive.

Art Unit: 3749

2. In response to Applicant's argument that in applied prior art pillar air duct is not in fluid communication with headliner air duct by flexible hinge portion and that the flexible portion is not provided between the ducts, the examiner disagrees. On figure 2 of applied prior art De 3510336 it is clear that pillar duct 4, 5 are in fluid communication with headliner duct 1 by flexible joint 6, 7 and thus flexible connection is provided between ducts 4, 5 and 1.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
